Sparking joy in a million lives

From LEDs to lanterns, our range of lighting solutions are designed to brighten up your spaces, be it home, offices or outdoors. Every product is sure to add more sparkle to your lives, thanks to their energy efficiency. And these innovative products will make sure your spaces will look radiant as ever.

KNOW YOUR BAJAJ LIGHTS
Features and specifications guide

FTL
- Up to 30% energy saving as compared to nearest T8 FTL equivalent
- Brighter light as compared to conventional product with same wattage consumption
- Lasts 3 times longer than conventional product, longer life

D-LITE
- Battery back-up of up to 8 Hrs with intermittent use
- Heavy duty performance providing light for longer duration
- Savings for customer as 3 batteries are free
- Lasts longer providing bright light
- Provides option for optimal use as per requirement
- Provides option for optimal use as per requirement with indication
- No use of UWR; No use of Mercury
- Provides option for optimal use as per requirement
- Option of mobile recharging without consumption of additional electricity
- Provides option for optimal use as per requirement
- Battery recharge cycles of 250 times ensuring longer usability
- Protects from any kind of discomfort on eyes due to direct light
- Uniform bright light
- Ease of operation and durable
- Charging of lantern through solar panel
- Long life of up to 50,000 Hrs
- 3W solar panel
- 50,000 HRS of LED LIFE
LED

- **25,000 HOURS**
  - Long Life of up to 25,000 Hrs

- **WIDE OPERATING VOLTAGE**
  - Protects from the voltage fluctuation, performing within wide operation range of 100V ~ 300 V thus providing reliable & durable product

- **VSP TECHNOLOGY**
  - Protection from sudden surge of electrical voltage viz lightning

- **85% POWER SAVING**
  - Up to 85% energy saving as compared to nearest incandescent bulb equivalent measured according to IEC 669 standard

- **ECO-FRIENDLY LIGHTS**
  - No use of UV/IR; No use of Mercury

- **3 LIGHTS 1 SWITCH**
  - Light step dimming can be done by a regular switch

---

ELECTRICAL ACCESSORIES

- **2 METRE WIRE LENGTH**
  - Extra long wire for ease of operations

- **FIRE RETARDANT CABLE**
  - Prevents from catching fire
**CORONA 3 STEP DIMMING LED BULB**
- 3 step dimming with light output of 100% at stage 1, 50% at stage 2, 25% at stage 3
- 100 lm/Watt
- 2.5 kV Voltage Surge Protection
- Beam angle > 240°
- CRI > 80
- Power factor > 0.9
- Available in CDL (6500K) with B22 Cap only
- Available in 8W & 12W

**CORONA LED BULB**
- With inbuilt short circuit, thermal & over load protection
- 100 lm/Watt
- 2.5 kV Voltage Surge Protection
- Beam Angle > 240°
- CRI > 80
- Power factor > 0.9
- Available in CDL (6500K) only
- Available in E22 Cap only
- Available in 3W, 5W, 7W, 9W & 12W

**LED HIGH WATTAGE LAMPS**
- Energy efficient LED retrofit lamp
- 90 lm/Watt
- 2.5 kV Voltage Surge Protection
- Beam angle > 220°
- CRI > 80
- Power factor > 0.9
- Available in CDL (6500K) & WDL (3000K)
- Suitable for indoor and outdoor applications like walkways, retail stores, etc.
- Available in 23W, 30W, 49W & 50W

**LED CANDLE LAMP**
- Available in clear & frosted version
- Available in E14 and E27 Cap
- 2.5 kV Voltage Surge Protection
- CRI > 80
- Available in CDL (6500K) and WDL (3000K)
- Applications in chandeliers, wall-mounted and ceiling-mounted decorative fixtures

---

*Nearest incandescent bulb equivalent measured according to IEC 909 standards | ^Compared to nearest equivalent CFLs
*Mean life time between failure*
**LEDZ BULB**
- Energy efficient LED retrofit bulb
- 90 lm/Watt
- 2.5 kV Voltage Surge Protection
- 60° Beam angle
- CRI > 70
- Available in CDL (6500K), WDL (3000K)
- Available in B22 and E27 base caps
- Available in 3W, 4.5W, 7W, 9W, 12W, 15W & 18W

**LED DECO PING PONG 0.5W**
- Wide operating voltage range 160-260V AC
- Available in White, Red, Blue, Green and Yellow colour
- Unbreakable

**LED MULTI CCT BATTEN 22W**
- 120 lm/Watt
- 2.5 kV Voltage Surge Protection
- Power factor > 0.9
- Glare free light
- Elegantly designed endcaps
- Housing made of engineering plastic
- Applications in home lighting, offices etc
- Available in CDL (6500K)
- Operated on CCT CDL (6500K), WDL (3000K) and NDL (4000K) with regular switch

**LED BATTEN**
- 120 lm/Watt
- 2.5 kV Voltage Surge Protection
- Power factor > 0.9
- Made of powder coated extruded Aluminium housing
- Elegant endcaps
- Elegantly designed to deliver glare free light
- Available in CDL (6500K)
- Specially designed heat sink for enhanced life
- Applications in home lighting, offices, parking lots etc
- Available in 6W, 9W & 18W

*Nearest incandescent bulb equivalent measured according to IEC 969 standards | **Compared to nearest equivalent T8 FTL fittings | *Mean life time between failure
**LED BATTEN 20W**

- 100 lm/Watt
- 2.5 kV Voltage Surge Protection
- Power factor > 0.9
- Elegant endcaps
- Elegantly designed to deliver glare free light
- Housing made of engineering plastic
- Applications in home lighting, offices, parking lots etc
- Available in CDL (6500K)
- Available in 5W, 10W & 20W

**LED TUBELIGHT 20W**

- 100 lm/Watt
- 2.5 kV Voltage Surge Protection
- Power factor > 0.9
- Glass tube
- Glare free light output
- Easy installation
- Applications in home lighting, offices, parking lots etc
- Available in CDL (6500K)
- Available in 20W only

**LED LIGHT FLOOD**

- IP 65 protection
- 90 lm/Watt
- 2.5 kV Voltage Surge Protection
- Power factor > 0.9
- Housing made of die cast Aluminium in glossy black finish
- Available in CDL (6500K)
- Applications in billboards, buildings & monuments, festive pandals etc.
- Available in 20W, 30W & 50W

**LED PANEL CIRCA**

- Elegantly designed diffuser and EDGE lit technology for glare free light
- 2.5 kV Voltage Surge Protection
- Power factor > 0.9
- Slim and elegant look
- Made of powder coated extruded Aluminium housing
- Specially designed heat sink for enhanced life
- Available in CDL (6500K) and WDL (3000K)
- recess type mounting
- Applications in home lighting, offices, indoor walkways etc.
- Available in 3W, 6W, 9W, 12W, 15W & 18W

**Compared to nearest equivalent T8 FTL fittings | Nearest halogen equivalent measured according to IEC 969 standards
Compared to conventional PL Downlights | Mean life time between failure**
**LED PANEL SQUADRA**
- Elegantly designed diffuser and EDGE lit technology for glare free light
- 2.5 kV Voltage Surge Protection
- Power factor > 0.9
- Slim and elegant look
- Made of powder coated extruded Aluminium housing
- Specially designed heat sink for enhanced life
- Available in CDL (6500K) and WDL (3000K)
- Recess type mounting
- Applications in home lighting, offices, indoor walkways etc.
- Available in 3W, 6W, 9W, 12W, 15W & 18W

**LED SPOT LIGHT RD 2W**
- Wide operating voltage range 160-260V AC
- 2.5 kV Voltage Surge Protection
- Available in CDL (6500K), WDL (3000K) and also in Red, Green, Blue colour
- Made of powder coated Aluminium housing
- Application in cabinets, wall units etc.

**LED DOWNLIGHT**
- Elegantly designed to deliver glare free light
- 2.5 kV Voltage Surge Protection
- Power factor > 0.9
- Specially designed heat sink for enhanced life
- Available in CDL (6500K) and WDL (3000K)
- Applications in home lighting, offices, indoor walkways etc.
- Available in 3W & 5W

*Compared to conventional PL Downlights
*Mean life time between failure
**LED GLOW ASHA SOLAR LANTERN**
- No. of LEDs - 24
- Rechargeable 3.7V / 2200 mAh Li-ion battery
- Recharge time 8 to 10 hours
- Discharge time of upto 8 hours*
- 3W solar panel & 3 mode switch
- 1000 times rechargeable
- LED life upto 1,00,000 hours
- Charging indicator

**LED GLOW 648 LR LANTERN**
- No. of LEDs - 48
- Rechargeable 6V / 4000 mAh powerful sealed lead acid battery
- Recharge time 9 to 10 hours
- Discharge time of upto 24 hours*
- High back-up
- Heavy duty battery
- 250 times rechargeable battery
- 2 Mode Glow Switch
- 60,000 hours of LED life

**LED GLOW 430 LR LANTERN**
- No. of LEDs - 30
- Rechargeable 3.7V / 2200 mAh Li-ion battery
- Recharge time 6 to 8 hours
- Discharge time of upto 7 hours*
- 3 mode glow switch
- With mobile charging option
- 1000 times rechargeable
- LED life upto 1,00,000 hours
- Charging indicator

**LED GLOW 424 LR LANTERN**
- No. of LEDs - 24
- Rechargeable 3.7V / 2200 mAh Li-ion battery
- Recharge time 8 to 8 hours
- Discharge time of upto 14 hours*
- 3 Mode Switch
- 1000 times rechargeable

*With intermittent use*
SMART GLOW
SENIOR 12 LED RECHARGEABLE TORCH
- No. of LEDs - 12
- Rechargeable 4V / 900 mAh Lead Acid battery
- Recharge time 9 to 10 hours
- Discharge time of up to 8 hours
- 2 Mode Switch 7 & 12 LEDs
- 250 times rechargeable battery

SMART GLOW CURVE 6 LED RECHARGEABLE TORCH
- No. of LEDs - 6
- Rechargeable 4V / 900 mAh Lead Acid battery
- Recharge time 9 to 10 hours
- Discharge time of up to 8 hours
- 2 Mode Switch 3 & 6 LEDs
- 250 times rechargeable battery

SMART GLOW MINIZ 4 LED RC TORCH
- No. of LEDs - 4
- Rechargeable 4V / 800 mAh Lead Acid battery
- Recharge time 9 to 10 Hrs
- Discharge time of up to 8 hours
- Compact and handy
- 250 times rechargeable battery

SMART GLOW 0.5W LED RECHARGEABLE TORCH
- No. of LEDs - One 0.5W LED
- Rechargeable 3.6V Ni-MH battery
- Recharge time 10 to 12 hours
- Discharge time of up to 3 hours
- Compact and handy
- 500 times rechargeable

*With intermittent use
SMART GLOW 0.5W SLEEK LED TORCH
- No. of LEDs - One 0.5W LED
- 3AA dry battery free with the torch
- Discharge time of up to 25 hours
- Battery saving switch

SMART GLOW CHAMAK LED TORCH
- 20 times more battery life as compared to conventional torch
- White LED light of 3.2V 30 mA, 9000 mcd and life of up to 50,000 hours
- Illuminance at 1 metre: More than 500 lux
- Sling for easy handling
- Radium glow body for Chamak Radium
- LED life upto 50,000 hours
- Available in 3 colours: Black, Red & Yellow

DOSTI LED TORCH 3W
- One 3W Hi-power LED
- 3.7V / 4000 mAh Li-ion battery
- Charging time upto 7 hours
- Discharge time upto 14 hours
- Durable ABS housing
- With mobile charging USB option
- 2 mode light switch

SMARTGLOW CHAMAK RADIIUM DB LED TORCH
- Radium glow body for Chamak Radium
- 20 times more battery life as compared to conventional torch
- White LED light of 3.2V 30 mA, 9000 mcd and life of up to 50,000 hours
- Illuminance at 1 metre: More than 500 lux
- Sling for easy handling
- LED life of 50,000 hours

*With intermittent use
**5W LED TABLE LAMP**
- 5W LED table lamp
- 3 mode feather touch switch – high, medium & low
- Sturdy ABS housing with metal bottom
- Cool day light
- Adapter input: AC 100–270V, 50/60Hz
- Adapter Output: DC 24V, 0.375A

**EMERGENCY LIGHT ELX 10**
- 6V, 4.5Ah maintenance-free rechargeable battery
- Discharge duration: Tube 3-4 hours
- Discharge and over-protection
- Discharge time of 3-4 hours

**EMERGENCY LIGHT ELX 16**
- Bright chrome plated reflector
- Discharge time 5 to 6 hours
- Charging indicator
- Adjustable compact design
- Detachable power supply cord
- Wall mounting provision
- 3.7V, 2.5Ah Lithium ion rechargeable battery
- Minimum & maximum charging Voltage (110V AC – 270V AC)
- Intensity: 260Lm
- Also available in red colour
- Light-weight

**EMERGENCY LIGHT ELX 36**
- Double sided illumination facility
- Bright chrome plated reflector
- Discharge time 10 to 12 hours
- Noon indicator - ON/OFF switch
- Wall mounting provision
- Charging indicator
- Adjustable compact design
- 6V, 4.5Ah rechargeable battery
- Minimum & maximum charging Voltage (110V AC – 270V AC)
- Intensity: 500Lm

*With intermittent use*
### T5 TUBE
- Available in 14W, 24W & 28W
- Available in CDL (6500K) Only
- Lumen output of 2400lm for 28W CDL, 1850lm for 24W CDL & 1100lm for 14W CDL

### T8 FTL 36W
- Available in 18W & 30W
- Available in CDL (6500K) Only
- Lumen output of 2450lm for 36W CDL & 1015lm for 18W CDL

### T12 FTL
- Available in 40W only
- Available in CDL (6500K) Only
- Lumen output of 2450lm
**RETROFIT ECOLUX T4 LINEAR**
- Energy efficient
- Instant start
- High power factor
- Life span: 6000 hrs
- Available in CDL
- Available from 9W to 25W

**RETROFIT HIGH WATTAGE**
- Available in 36W, 45W, 65W & 85W
- Choice of linear and spirals
- Highly energy efficient
- Colour temperature: 6500 K
- Life span: 6000 hrs
- Available in CDL
- Available in B22, E27 & E40 cap type
- Lumen output of 1575lm for 27W, lumen output of 1950lm for 32W at colour temperature 6500 K

**NON RETROFIT**

* **Available in CDL • Life span: 6000 hrs*
E-GLOW 28
- Sleek T5 luminaire in extruded plastic body
- Pre-wired with energy efficient electronic ballast (p.f. >0.85)
- Available in 28W only
- Available with diffuser or without diffuser also
- Available with tube or without tube only

BAJAJ SAVELITE SLEEK 36W ELECTRONIC
- Sleek strip type luminaire designed for 36 watt FTL
- Strip type FTL luminaire wired with elegantly designed energy efficient electronic ballast (p.f. >0.90) and decorative end caps.
- Luminaire made of pre-coated CRCA sheet

SAVELITE 36/40W ELECTRONIC
- Strip type FTL luminaire designed for FTL 30W/40W, wired with elegantly designed energy efficient electronic ballast (p.f. >0.90) and decorative end caps.
- Luminaire made of pre-coated CRCA sheet

ECOBOX 36/40W ELECTRONIC
- Box type FTL luminaire wired with elegantly designed energy efficient electronic ballast (p.f. >0.90)
- Box luminaire made of pre-coated CRCA sheet
E-SAVER LX
36/40W ELECTRONIC
- Ballast type - Electronic regular
- Electronic ballast enclosed in an elegantly designed slim white ABS housing for domestic applications
- These ballast have high power factor (>0.80) and are energy efficient
- Available in 18/20W electronic ballast

E-SIGN
36/40W ELECTRONIC
- Lamp type - 1x36/40W FTL
- Ballast type - Electronic regular
- Electronic ballast enclosed in a white ABS housing for signago/cove lighting applications
- These ballast have high power factor (>0.85) and are energy efficient

NUSTAR
36/40W CCB
- Strip type FTL luminaire wired with VPIT Aluminium ballast
- Luminaire made from CRCA steel sheet, pre-treated in 8 tank process for degreasing, derusting, phosphating and passivation and white powder coated.
- Also available in 18/20W VPIT Copper

UNIVERSAL STARTER
20/40 ABS
- Universal starter 20/40 ABS
- Lamp type - FTL
- Body type - ABS
- Also available in Aluminium body
**DECORATION LAMPS**

- Available in clear, decorative colour & frosted.
- Colours available - Blue, Green, Red, Yellow, Orange & Milky.

**GLS CLEAR / MILKY LAMPS**

- Available in 40W, 60W, 100W (Clear & Milky) & 200W.
- Life span of 1000Hrs.
- Lumen output of 415lm for 40W, lumen output of 710lm for 60W, lumen output of 1340lm for 100W (Clear), lumen output of 1246lm for 100W (Milky), lumen output of 3000lm for 200W.
ELECTRICAL ACCESSORIES

SPIKE AND SURGE GUARD

- Voltage - 250V ~ 50Hz
- Power - 1500 VA
- Current - 6A
- Product dimensions - 290 mm x 68 mm x 28 mm
- Protects the equipment from sudden surge in electric current
- 4 sockets for compatibility with multiple countries plugs suitable for use in household, offices, shops, restaurants, hospitals and more

2 METRE WIRE LENGTH
FIRE RETARDANT CABLE
An air of delight

Our wide range of pedestal, table and ceiling fans, will not only adorn your home, but also sweep you off your feet with their incredible features.
KNOW YOUR BAJAJ FAN
Features and specifications guide

CONSTRUCTION

- **FULL ALUMINIUM BODY**: Increases durability & makes the body lighter
- **DOUBLE BALL BEARING**: Increases load bearing capacity & durability
- **SUPERIOR GRADE ALUMINIUM BLADES**: Increases durability & makes the body lighter
- **STRONG 14 POLE MOTOR**: Powerful high torque motor to provide consistent performance
- **RIBBED BLADES**: Improves blade stability
- **SIDE BEND BLADES**: Increases durability & restricts blade wear & tear
- **25MM STACK MOTOR**: Higher the stack, stronger the motor
- **WOODEN BLADES**: Unique look & lighter blades
- **UNDERLIGHT**: Improves home décor with decorative light option
- **HIGH GRADE ALUMINIUM BLADES**: Blades made with high grade aluminium sheets for higher durability and consistent performance
- **TIMER**: Set timings, power and speed
- **LED UNDERLIGHT**: Improves home décor with decorative LED light option
- **OVERLOAD THERMAL PROTECTOR**: Acts as a fuse and protects the motor from damage
- **FULL 400 MM**: 400 mm blades for higher air delivery
- **REMOTE CONTROL**: Provides convenience due to a regulator-free operation
- **ACRYLIC BLADE HIGH PERFORMANCE**: Consistent air delivery and zero warp from air pressure - even over time
- **FULL COPPER MOTOR**: Increases durability & provides robust performance
Aesthetically appealing
For better air delivery
Eliminates the use of shanks to hold the blades. Helps provide cleaner & classier looks

Provides better performance with improved aerodynamics & better aesthetics
For reduced drag resistance and improved air delivery
For a streamlined look and improved aesthetics

Helps keep the character visible even during fan operation
For clean aesthetics
Antique inspired design to match your décor

ROTATING GRILL
WIDE BLADES
UNIQUE SHANKLESS DESIGN
ANGULAR DESIGN
AERODYNAMICALLY BALANCED BLADE
SLEEK DESIGN
STATIONARY BOTTOM COVER
SLIM DESIGN
ANTIQUE DESIGN
PERFORMANCE

- High efficiency minus the air cutting sound
- Improves the feel of air with higher air delivery
- Provides High RPM (Ceiling Fan: > 360 RPM, All other category fans: > 2000 RPM)

- Provides performance even at 180 V (300 RPM & air delivery 200 CMM)
- Provides better performance & consumes less power
- Provides instant comfort by achieving high performance quickly

- Saves electricity by consuming less power
- Provides performance as per ISI standards
- Rated 5 Star by BEE, Provides higher service value (more than 4)

- Good performance at an economical price
- High speed fan with decorative ornament so that you get a combination of performance and looks
- Experience high blast of air

- 2-year warranty
AESTHETICS

- Reversible Blade: Provides 2 colour options in a single blade.
- 2 Tone Metallic Finish: Improves aesthetics with motor body bottom in a different metallic colour than the blades.
- Metallic Finish: Improves aesthetics & provides super clean surface finish.
- High Quality Wooden Finish: Wooden finish options for a classy feel.
- Rust-Free Powder Coated Finish: Improves durability by ensuring protection against rust & providing a super clean surface.
- Unique Decor Ornament: Improves aesthetics with a unique design.
- Unique Picture Transfer Technology: For vibrant and realistic characters.
- Metallized Ornament & Body Ring: Provides the bling to your fan with metallic deco ornament.
- Embedded Ornament: Provides a unique design.

Air Delivery: 125CMM

Also available in 600/750mm Sweep.
Sweep stakes: How the “sweep” of your fan makes a difference

The ‘sweep’ of a fan is the length of its blades, as calculated from their outer edge to the centre of the motor. The length of the sweep determines the amount of air that a given fan is capable of churning.

You should ideally choose a sweep depending upon the size of your room. A larger room requires a fan with a longer sweep to keep it cool, whereas a smaller room can be effectively cooled with a fan with a shorter sweep.

How to calculate the ideal sweep for your room:

- Find out the prospective fans’ Sweep in millimeters and multiply it by 2
- Now match the figure against the table below to find the perfect fan for your room!

<table>
<thead>
<tr>
<th>Size of the room</th>
<th>Fan sweep in mm</th>
</tr>
</thead>
<tbody>
<tr>
<td>Upto 10’ x 10’</td>
<td>900 or 1050</td>
</tr>
<tr>
<td>10’ x 10’</td>
<td>1200</td>
</tr>
<tr>
<td>10’ x 12’ or 12’ x 12’</td>
<td>1400</td>
</tr>
<tr>
<td>More than 12’ x 12’</td>
<td>2 or more fans recommended</td>
</tr>
</tbody>
</table>

Tips to get the most out of your ceiling fan:

- The room should ideally be well ventilated (there should be an open window or door)
- The gap between the ceiling & the blades should be at least 1 foot
- The fan (blades) should be at a height of 8 feet from the floor

Ceiling Fans
